

Records and Care Information

Congratulations on your new hedgehog Here's all the information you'll need!

Your Breeder's Information:

Name: Coastal Quills / Lindsey Taylor
Phone: (210) 816-4518
Email: coastalquillstx@gmail.com

Animal Specifics

Species: African Pygmy Hedgehog	ID / Name:
Gender:	Color:
Date of Birth:	Current Weight:

Current Feeding Instructions

Food Brand: Coastal Quills Premium Hedgehog Diet
Feeding Schedule: 2 Tablespoons in the evening once a day Hedgehogs 20 weeks of age and younger should have access to food at all times while they are growing.
Water: Allow access to fresh distilled or filtered water at all times using a bowl or hedgehog specific water bottle. Do not use water bottles that are spring loaded as it can hurt your pet's mouth. If your hedgehog is biting the metal nozzle, frequently switch to a different spout type or bowl as soon as possible to prevent the risk of injury to the hedgehog's mouth and teeth.
If you wish to change your hedgehog's diet, we recommend slowly introducing the new food a little at a time starting with $\frac{1}{4}$ new food for 2 days $\frac{1}{2}$ new food for the following 2 days $\frac{3}{4}$ new food for the 2 days following and eventually feeding new food following this gradual process.
Allergies: Cedar bedding, grapes, avocados, tea tree oil, milk and dairy, Neosporin with pain relief

Pet Medical Information

Routine Medical Care: No Routine vaccines are required, no deworming or preventative is required; however, we do recommend annual check-ups. We also recommend seeing a veterinarian in the first 7 days of taking your new hedgehog home to start building a great relationship and to get a baseline on what your new hedgehog is like. We have included your baby's going home weight on this paper so that your veterinarian can make sure your baby is eating and adjusting well to their new home.

If you have an emergency health concern, please contact your nearest emergency veterinarian hospital before trying to contact me.	Our nearest emergency vet: Emergency Pet Clinic – Corpus Christi (361) 992-2873
--	--

All hedgehogs over 8 weeks old receive a bath with a miticide (as a precaution and antimicrobial wash. Please do not bathe your hedgehog more than once a month

Hedgehog Purchase Contract

The following agreement is between Lindsey Taylor, hereafter referred to as "Breeder" and _____, hereafter referred to as "Buyer" for the sale and purchase of this animal.

ANIMAL NAME/ID: _____
DOB: _____ GENDER: _____
CURRENT WEIGHT: _____

This hedgehog will be provided with fresh food, water, shelter, veterinary care when needed (yearly wellness checks should be done) and adequate climate control at all times. The Breeder has informed the Buyer of proper climate control. _____

The Breeder will AT ANY TIME take this hedgehog back if asked to do so by the Buyer, at no cost.

This hedgehog is to be a pet only, and WILL NOT be used for breeding purposes UNLESS AN ADDITIONAL BREEDING CONTRACT IS SIGNED. If used for breeding purposes without signing the breeding contract, Breeder has the right to confiscate any hedgehog(s) previously sold to Buyer. Breeding your hedgehog(s) also VOIDS all warranties/health guarantees. Legal action will be taken if you breed without our permission & guidance. _____

If any questions come up regarding the care or health of your hedgehog during its lifetime you may contact us directly so that we can offer our professional advice. _____

Breeder does not offer any guarantee for color or temperament. _____

If you decide to re-home this hedgehog at any time a wellness exam is to be completed by a licensed veterinarian within 7 days of the rehoming date. We request that proof of a clean bill of health be sent with the new owner's information to us within 3 days so that we can transfer ownership and our guarantees. We ask that you do not re-home to any individual that can not agree to our contract for the well-being and safety of this animal. _____

Health Guarantee

Wobbly Hedgehog Syndrome: Wobbly hedgehog syndrome is a genetic disorder that affects hedgehogs and begins prior to the animal's first birthday, since this hedgehog is over a year old he/she is older than the expected time for WHS to begin. This hedgehog is outside of the requirement for us to be able to provide a replacement in the event WHS develops later in this Hedgehog's life, due to us potentially breeding relatives of this hedgehog, we ask that you disclose any health issue that this hedgehog encounters throughout his/her lifetime so that we can evaluate our breeding animals responsibly. _____

Cancers/ tumors: Buyer understands that Breeder does not offer any warranty for any cancer or tumor related deaths/illnesses. Should this hedgehog develop or die of a cancer or tumor related illness, Buyer is to contact Breeder so that Breeder may use the information when evaluating breeding animals. _____

I understand that this hedgehog is over 1 year of age, which exceeds the breeders age requirement to offer both health guarantee, and congenital defect coverage, and that this hedgehog may or may not have a known lineage throughout the US pedigree database, for that reason breeder can not guarantee that this animal may never be affected by a genetic disorder of any kind at any point throughout his/ her lifetime, however breeder must be advised in the event something is abnormal with the health of this hedgehog. _____

Buyer protection guarantee: Breeder assumes no financial responsibility for any veterinary costs associated with this hedgehog once this hedgehog has left the care of the Breeder and has been in the possession of the Buyer. Buyer agrees that this hedgehog appears to be in excellent physical health and displays no obvious signs of symptoms of illness. _____

We, the Breeder and the Buyer, do hereby acknowledge this to be a binding contract. We agree to fully abide by its terms and conditions.
